

IDI's Dynamic Print and Mail Solution Transform Your Billing Process and Drive Customer Satisfaction

Take your billing operations to the next level with IDI Billing Solutions' fully integrated bill presentment platform. From creation to delivery, streamline the entire process to reduce costs, accelerate payment cycles, and provide an exceptional experience for your customers.

Seamless Automation for Smarter Billing

Powered by **Matrix Imaging**, our advanced print and mail solution blends cutting-edge technology with deep telecom industry expertise. Experience fast, precise, and highly customizable statement processing that boosts operational efficiency, improves cash flow and enhances customer loyalty.

Power Up Your Billing With Targeted, Efficient Solutions

- ▀ **Customizable, High-Quality Printing**
Deliver personalized statements that align with your brand. Choose from laser printing options — grayscale, spot color, or full color — to meet your customers' needs and preferences.
- ▀ **Accurate, Reliable Processing**
Achieve 100% mail piece validation using advanced camera technology. Benefit from rapid document folding, inserting, and efficient USPS delivery for faster turnaround times.
- ▀ **Intelligent, Targeted Inserts**
Boost the impact of your communications with high-speed intelligent insertion, allowing you to deliver relevant flyers or materials to specific customer segments effortlessly.
- ▀ **Flexible Exception Processing**
Manage critical exceptions with ease by routing specific bills based on business rules or data flags, ensuring special cases are handled accurately and efficiently.
- ▀ **Dynamic Messaging, No Programming Required**
Leverage the self-service portal to quickly update statement content — whether text or images — without the need for programming. Keep your communications timely, personalized, and relevant.

Innovative Technology Meets Environmental Responsibility

IDI's bill presentment solution is designed to deliver precision, efficiency, and customization at every step. Backed by industry expertise and advanced technology, our solution ensures the most effective statement layouts and tailored messaging, all while operating in an environmentally conscious, carbon-neutral environment. With a focus on sustainability, you can build stronger relationships with your customers while contributing to a greener future.

Build a Better Experience with IDI's Print & Mail Solution

Empower your telecom business with IDI Billing Solutions' comprehensive print and mail solution. Streamline your billing process, improve efficiency, and elevate customer satisfaction through fast, accurate, and fully customizable statements.
